

Chitosan – Enhanced Sand Filtration (CESF) Training Registration Form

The cost of our course is \$2,500 per person.

The course is in compliance with the Washington State Department of Ecology (Ecology) Memorandum of Agreement with Clear Water Services, LLC (Clear Water) and includes 8 hours of classroom instruction and 32 hours of hands-on field instruction. Successful completion of this course will earn participants a Chitosan Enhanced Sand Filtration Operator's Certification through Ecology that will last for 3 years. To be eligible for this course, Ecology requires that the following **course prerequisites** be met:

- Current certification as a Certified Erosion and Sediment Control Lead (CESCL) through an Ecology-approved CESCL training Course.
- Fundamental knowledge of stormwater quality testing procedures and methods for parameters applicable to the region/locale.
- Fundamental knowledge of high-pressure sand filtration systems.
- Fundamental knowledge of water pumping and piping systems.
- Fundamental knowledge of stormwater discharge regulations and permits for applicable region/locale.

Applicants that successfully complete the required prerequisites and course work will be required to pass an audit by Clear Water's Trainers of Record to demonstrate proficiency with the required concepts and treatment knowledge. Applicants that are unable to pass the audit may be required to conduct additional training and will be allowed one make up audit. Additional training time may be billed at an hourly rate of \$165/hr.

Please complete this form and return it to us with a current copy of your CESCL card to the email, fax, or address below. To reserve your place in the course please provide payment with your registration form (checks or cash only). If you require an invoice prior to the start of the class, please let us know and one will be issued.

Thank you for your interest – we look forward to seeing you in class!
